From the Album: We Love You

Verse 1

D A
The ocean's restless and is wanting
F#m E
for the shore-to know more
D A
and the days of dryness are over
F#m E
as the waves begin to pour

Chorus

D A
It's coming in today,
F#m E
the tide is coming in today,
D A
As waves of love and grace and tenderness
F#m E
wash the pain away

Verse 2

and the Sun is now rising
and the darkness flees to hide
and a sea of change is coming
as we're touched by the tide
