Verse 1

G(F) **G/B** (F/A)
Creator of the universe, designer of the sky and earth
C (Bb) **D** (C)
Your wonders and your glories never cease
G (F) **C** (Bb)
You hold a million galaxies, yet You continue holding me
Am (Gm) **D** (C)
Your Majesty, I'm humbled by your love

Chorus

G (F) **D** (C)
Search the heavens; search the stars, there is no one
Em (Dm) **C** (Bb)
Like our God, how great You are, so astounding
G (F) **D** (C) **Em** (Dm)
High above all else by far, Lord, we're overwhelmed
C (Bb) **G** (F)
By who You are

Verse 2

Cloaked in fame and majesty, You tore them off to set us free
You came to know our sorrow and our pain
Invincible, beyond defeat, yet you allowed yourself to bleed
To find a way to bring us back to you

Bridge:

D (C) **Em** (Dm) **C** (Bb) **G** (F)
And there's not any way anyone anywhere could ever rival You, could rival You
D (C) **Em** (Dm) **C**(Bb) **Am**(Gm) **F**(D#)
And there's not any way anyone anywhere could ever outshine You
